PROJECTS

Project: Implementing a Help Desk Ticketing System (osTicket) using Azure Virtual Machines

Source: github.com/chris-stallings/osticket-prereqs

Platforms and Technology Used: Azure Virtual Machines, osTicket, IIS

EXPERIENCE

Company: AAA Cooper Transportation

June 2024 - Present

Title: Driver

- Interact with customers to perform pick-ups and drop-off of freight items.
- Assisted in ordering stops to increase productivity. Increased productivity from 1.5 to 1.75 stops per hour
- Used Android-based tablet to prepare and process paperwork and maintain DOT compliance

Company: National DCP

December 2023 - May 2024

Title: Driver

- I delivered supplies to Dunkin Donuts restaurants around the southeast US.
- Used Peoplenet to maintain DOT compliance.

Company: Coca-Cola Bottling Company United

December 2017 - December 2023

Title: Sales Supervisor

- I managed a few drivers and merchandisers. I drove sales within my assigned territory. I also made cold calls to grow my territory.
- Used PowerBI to track sales month to month and year over year. Used Salesforce to maintain customer account information.
- Spent 3 years as a driver where I used various technologies to manage invoices and billing of customers on my route.
